

## RESIDENTIAL SWIMMING POOL SAFETY REGULATION COMPLIANCE ASSESSMENT FORM

**This form will enable you to assess whether your current or proposed installation complies with the Residential Swimming Pool Safety Regulation. Consider contacting your municipality once you have completed this form. Your municipality is responsible for enforcing the Regulation. Specific rules may apply within the municipality's jurisdiction. Furthermore, a municipal permit is required to install a pool, diving board or any construction giving or preventing access to a pool (enclosure, platform, deck opening onto the pool).**

**For more information, please refer to the [Ministère's website](#) for explanatory documents on the applicable standards.**

### SEMI-INGROUND POOL

## SEMI-INGROUND POOL

To validate your installations' compliance, you must have checked "Yes" to all applicable questions.

Subject	Question	Yes	No	Not Applicable
ENTERING AND EXITING THE WATER	Does my pool have a ladder or steps to enter and exit the water?	<input type="checkbox"/>	<input type="checkbox"/>	
ENCLOSURE	Is my pool surrounded by an enclosure to secure access?	<input type="checkbox"/>	<input type="checkbox"/>	
	Is the enclosure at least 1.2 m in height?	<input type="checkbox"/>	<input type="checkbox"/>	
	Does it prevent the passage of a spherical object 10 cm in diameter (between the bars, between the bottom of the fence and the ground)?	<input type="checkbox"/>	<input type="checkbox"/>	
	Is the enclosure free of fixtures, projections or open parts enabling it to be climbed?	<input type="checkbox"/>	<input type="checkbox"/>	
	If my enclosure is a chain-link fence, is the mesh 30 mm or less in width or, if not, is the fence slatted?  This requirement only applies to chain link fences installed on or after July 1, 2021. However, a chain-link fence acquired before July 1, 2021, but installed on or before September 30, 2021, is also exempt from this requirement.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	ENCLOSURE GATE	Is the enclosure gate at least 1.2 m in height?	<input type="checkbox"/>	<input type="checkbox"/>
When closed, does the enclosure gate prevent the passage of a spherical object 10 cm in diameter (between the bars, between the bottom of the gate and the ground)?		<input type="checkbox"/>	<input type="checkbox"/>	
Is the enclosure gate free of fixtures, projections or open parts enabling it to be climbed?		<input type="checkbox"/>	<input type="checkbox"/>	
Is the enclosure gate self-closing and self-latching?		<input type="checkbox"/>	<input type="checkbox"/>	
If the passive security device (latch) is located on the inside of the enclosure, is it located at the top of the gate?		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If the passive safety device (latch) is located on the outside of the enclosure, is it located at a minimum of 1.5 m in height?		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
WALL FORMING PART OF AN ENCLOSURE  Complete this section only if the wall of a building (house, garage) forms part of the enclosure surrounding your pool.	Is the wall that forms part of the enclosure without a gate?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	If the wall that forms part of the enclosure has a window, is it at least 3 m from the ground or, if not, does it have a maximum opening that prevents the passage of a spherical object that is larger than 10 cm in diameter?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Subject	Question	Yes	No	Not Applicable
<p><b>FACILITIES AROUND THE ENCLOSURE</b></p>	<p>Are the devices that are linked to the operation of your pool (e.g., a filter) located in any of the following areas:</p> <ul style="list-style-type: none"> <li>• inside the enclosure?</li> <li>• outside the enclosure but more than 1 m from the enclosure?</li> <li>• under a structure (e.g., deck) that is at least 1.2 m in height and cannot be easily climbed?</li> <li>• in a shed?</li> </ul>	<input type="checkbox"/>	<input type="checkbox"/>	
	<p>Is the area around and outside my enclosure clear for at least 1 m of any structure or fixed equipment that could be used to climb over the enclosure (e.g. retaining wall, children’s play structure)?</p> <p>This requirement only applies to enclosures installed on or after July 1, 2021. However, an enclosure acquired before July 1, 2021, but installed on or before September 30, 2021, is also exempt from this requirement.</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	<p>Is my enclosure located at least 1 m from any building window? If not, is the window at least 3 m from the ground, or does the window have a maximum opening that prevents the passage of a spherical object that is larger than 10 cm in diameter?</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	<p>This requirement only applies to enclosures installed on or after July 1, 2021. However, an enclosure acquired before July 1, 2021, but installed on or before September 30, 2021, is also exempt from this requirement.</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p><b>POOL EQUIPPED WITH DIVING BOARD</b></p> <p>Complete this section only if your pool is equipped with a diving board or if you wish to install one.</p> <p>*****</p> <p>The <a href="#">BNQ 9461-100 standard</a> is available from the <a href="#">Bureau de normalisation du Québec website</a>. It is important to consult a professional to ensure that you comply with the standard when installing a diving board.</p>	<p>Does my pool and diving board comply with the <b>BNQ 9461-100</b> standard?</p> <p>This requirement only applies to pools and diving boards installed on or after July 1, 2021. However, a pool or diving board acquired before July 1, 2021, but installed on or before September 30, 2021, is also except from this</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
